Forecast For East of England
Issued by Met Office Exeter
at 0400 on Tuesday 02 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloud and fog lifting, especially inland, to give sunny spells.

Today:
Extensive low cloud and fog patches through the morning will gradually lift and break through the day. Good spells of sunshine possible by the afternoon, but dull conditions persisting across some northern and coastal areas. Feeling mild in the sunshine. Maximum temperature 12 deg C (54 deg F).

Tonight:
Low cloud returning overnight, along with mist and fog patches. A chance of frost, especially where any clearer spells prevail. Staying dry with light winds. Minimum temperature 0 deg C (32 deg F).

Wednesday:
Another grey start, with low cloud and fog gradually lifting through the day. Dry at first, before outbreaks of rain spread north through the afternoon, heavy at times. Maximum temperature 9 deg C (48 deg F).

Outlook for Thursday to Saturday:
Cloudy Thursday with outbreaks of rain. These clearing south to colder and clearer conditions later. Dry, with sunny spells Friday and Saturday, but feeling rather cold with overnight frost.
